Holistic Approach to Education

## Chairman's Message

Education is a complete process that leads to the attainment of the full potential of the child. It makes a child a right thinker and a good decision-maker.

Our focus is to develop our students as global citizens, with tolerance, respect, and appreciation of diverse cultures and religions for a lifetime learning experience. They should be self motivated, independent, confident decision makers to take up leadership roles in the future. At our school, we provide an environment and curriculum where children can explore and develop every aspect of their lives. Our philosophy of education has always been meeting the needs of the individual child.

Children acquire skills and knowledge easily if we make the surrounding stimulating and purposeful.

In other words, this unique educational institution seeks to blend the beauty of traditional cultural values and the latest in teaching aids and methodology to optimize learning, open young minds and empower young people to become global citizens, who stand tall and live with courage and conviction, carving a niche for themselves wherever they go.

When we decided to establish VRIHA School in 2023, only one perspective was there in our mind. we wanted to initiate such an institution which can fulfil the meaning of real educational system. We believe that education means overall development of all students-mentally and physically. That is why from the beginning of VRIHA school we provide all students with facilities as soft skills training apart from quality academic education.

VRIHA school is honoured by affiliating to state board. We also realise that career counselling is very much important for every student from class 6 onwards so that they can nourish their dreams to be an established person in life. Keeping this ideal in mind we already have started career counselling by qualified career counsellors in school.

### VRIHA School offers the following facilities:

- ~ Pious atmosphere which is fit for education
- ~ All sorts of Co- curricular activities
- ~ Scopes for students to prove their hidden talents

## Director's Message

I delightfully welcome you and your child to the VRIHA family. It is my vision to provide the world with motivated, responsible and disciplined youth, to shape a better future. I believe this can be achieved by strengthening their foundation upon which they can create a successful future for themselves and the society around them.

When we mention education, it weaves a simple picture in our minds of a student learning and a teacher teaching, but education is beyond the classical paper-pencil-black board theory. It has evolved into the giant wheel that has many spokes such as personality management, time management, competing beyond boundaries etc. VRIHA School just being the newest appendage; to strengthen the early childhood education and focusing on middle school education for students to decide upon a career stream, which they can choose for themselves later in life.

We aim at ensuring that our comprehensive development programs provide students with an international learning experience, while preserving our core Indian values.

Education is not mere accumulation of facts; it is preparation of life itself. Education is knowledge imbued with wisdom and ethics. It develops the personality of the students, moulds their character and develops mental skills to help them cope with problems and challenges of the complex world of today. One of the most significant character traits that need to be instilled in our youth during their education is a finely ingrained attitude of service- before-self. The aim is to make them successful not only in life, but also conscious of their duties and responsibilities towards their fellow citizens.

VRIHA exemplify the fact that sky is not the limit in the pursuit of excellence. The aim of our school is to promote a system of integral education in a congenial child-friendly environment that emphasises the unity of all knowledge, synthesises humanity and sciences and recognises the fact that each child is unique.

At VRIHA, we don't believe in preaching, instead we allow our students to experience, explore and experiment through various experiences, priority is also given to the teaching of critical thinking skills such as reasoning and problem solving, to help our students develop the ability to reach sound conclusions based on observation and information. Our school curriculum also allow our teachers the flexibility to adopt innovative methods to stimulate interest and attention among the students and develop in them an appreciation for the values of the past, the excitement of the present and the challenges of the future. We firmly believe that education is a tripartite process which draws equally from the students, teacher and the parents. The entire purpose of education is not to restrict itself to imparting bookish knowledge only but inculcate humanitarian values like wisdom, compassion, courage, humility, integrity and reliability in a student. Along with the academic excellence and vast sports opportunities, we provide our students with an exposure to the realities of the world. We sculpt them into competitive, empathetic, optimistic individuals who strive to succeed in every challenge they are faced with.

Our endeavor is to strike a balance between state-of-the-art infrastructure and an internationally acceptable education.

You would find a wealth of learning opportunities at VRIHA that would serve as an essential stepping stone to a fulfilling life and career.

We are confident that this school is the best place for your child. We welcome your active interest and involvement in the progress and activities of your child. We look forward to your continuous support.

With all good wishes,

# About Us

Education in schools is being revitalized as methodologies that industrial revolution imposed on schooling have now taken a back seat. Modern thinkers... be it Piaget, Steiner, Montessori, Krishnamurthy, Skinner, Gardner or even Gandhiji.. have brought in new perspectives culminating in the new pedagogies that have now adorned educational initiatives world over.

VRIHA, the very name, defines Experiential Creative Learning and Holistic Approach to education. The founder chairman saw to it that VRIHA is fully furnished to give its pupils opportunities to pursue their talents in a variety of activities... Arts & Crafts, Music, Dance, Drama, Sports, Yoga, Nature study, Astronomy and many more.

The present pandemic which has impacted the entire world has opened new avenues for Education. The old has no alternative but to yield to the new. One needs to be open to accept change and adapt to the new norm. It shall be the endeavor of VRIHA to do all it can to adapt to these changes cautiously but consciously that the values that have stood the test of time, are never compromised with.

It is our belief that VRIHA will emerge a strong force to reckon with as it stands on terra firma to withstand winds of change.

## Introduction

VRIHA school is a private co-educational Institute established, owned and managed by VRIHA educational society, Hyderabad. It caters to boys and girls of all castes, Creed and religion.

# Aims and objectives

The aim of any school is to provide the best possible education to its students. It is therefore, the main of VRIHA school. Our primary object is to develop in the student qualities of integrity, honesty, trust, tolerance and compassion to promote a spirit of enquiry to foster a scientific temper within the bonds of Humanism to help the student to become a meaningful part of his environment and to see that courage and industry have their due reward. The pursuits of excellence encourage at VRIHA school rests on the positive belief that every man has it in him to produce first class work.

Towards this end the school endeavours to provide a large qualified, experienced and dedicated staff with a wide range of skills and interest, a varied and wide choice of activities ,academic, aesthetic and athletic -and environment enriched with the excitement of Discovery, challenges and competitiveness and discipline based on the belief that responsibility comes before freedom.

The main objects for which the school was established are:

- Personality development class
- GK and aptitude
- Computers
- Taekwondo

# A personalized touch with little ones

Children are naturally full of unmixed joy and bliss is systematically smothered and stuffed out by the environment at home and at school. The largest single factor responsible for robbing children of their joy and bliss is the drudgery involved in learning right from early childhood. We at VRIHA, which opens its portals right from nursery section, try to improve the joy of learning as well as the learning of joy at all stages, though more especially at the primary level. We accomplish this in our tiny tots through joyous activities with creative games.

The curriculum at this stage is structured to eliminate boredom and enhance learning pleasure, thus making learning a joyful experience.

## Modern Labs for Learning and Doing

The students of VRIHA have easy access to all the laboratories which are architecturally beautiful and knowledge through hands on experience of available resources.

All labs are spacious and well equipped with latest equipment's which facilitate learning by doing.

We nurture your child's  
**Creativity;**  
We Spark your child Imagination.

## DIGITAL CLASSROOMS

To make the learning process more productive, innovative and interesting and in keeping with digital demands of the technology driven world, smart classes have been introduced. The ambience of a digital interactive classroom would turn make learning more entertaining, result oriented and complete.

## LIBRARY

The special school library has intensive collection of text and reference books. The library is also equipped with a wide variety of magazines periodicals and newspapers with reading room facilities the school library is a nerve centre for learning and is open to all students of the school during school hours and classes are provided with one period for week.

## EDUCATIONAL EXCURSION

'Motivation creates interest' - That is the reason every year we take the students to educational excursion.

## ANNUAL PICNIC

Every year in the month of December students are taken from for picnic to interesting picnic spots where they learn the lesson of sharing and friendship.

## HEALTH CAMP

'Health is wealth'- therefore every year we organise free health check-up camp in collaboration with reputed health organisations for our students.

## ANNUAL FUNCTION

Every year in the month of February the school celebrates its foundation day through prize giving ceremony and cultural concert.

## E-DIARY

The school has introduced E- diary in which parents will get all types of information regarding activities held in school as well as daily assignments, students attendance routine and syllabus etc. Parents and students can communicate with the teachers of the school through this app.

# CURRICULUM

**PRE PRIMARY:** The pre- primary wing of the school consists of Playgroup, Nursery, LKG and UKG and craters to the needs and demands of early childhood. Bearing in mind that the foundation of a child’s personality is laid and two third of is intellect formed at this age, we have created an environment and a system of teaching which is entirely child friendly. Formal learning of the three R’s is introduced in playgroup and LKG. It finds a more prominent place in the UKG curriculum, which includes recognition, reading and writing of English, Telugu alphabets and small words and also basic mathematical concepts.

**PRIMARY:** The syllabus becomes more broad at this level and gradually the young learner is exposed to a wide range of subjects and study materials which are suitably graded .Computer science is introduced in class 1. As early as class 1 students learn to work on computers in the multimedia lab which has been specially equipped with the needs of young learners.

**HIGHER:**

## SCHOOL UNIFORM

**For boys:** Playgroup to 10th- light green shirt and black pant school tie, belt, black socks with black shoes

**For girls:** Playgroup to 10th light green shirt and black frock school belt, black socks with black shoes
